

Compliance Statement California Proposition 65

California Proposition 65 - also known as the Safe Drinking Water and Toxic Enforcement Act of 1986 - refers to the California legislation intended to inform as well as to protect California citizens and the State's drinking water sources from exposure to chemicals known to cause cancer, birth defects or other reproductive harm.

Based on a thorough evaluation of our products, their elements and confirmation from our supplier partners, and to our knowledge, Huddly do not manufacture products containing chemicals listed in California Proposition 65. Our Product therefore do not require a California Proposition 65 warning label.

On behalf of Huddly AS
